

# Newton Lab Life

## STEAM Professional Development

**Is your school or district looking for STEAM related Professional Development for 2019?**

***Then look NO FURTHER!!!***

Newton Lab Life specializes in STEAM Professional Development for schools and districts. Contact Newton Lab Life to conduct your school or district's Professional Development training in STEAM education. Choose from a host of topics or even combine different topic areas to catapult your school and/or district into producing 21st century learners! If your school, organization, or district has more specific needs we can tailor make a course to assist you in all of your STEAM needs!

***Newton Lab Life offers the following summer camp programs available on site:***

- Creating Engaging Events- Using QR Codes to bring school events and classrooms to life
  - Creating Digital Portfolios
  - Pre-Programming Skills for Young Learners
- Creating Video Games and Computer Animation
- Reinforcing Reading and Writing with STEAM
  - Green Screen for Beginners
- How to Create your Own School News Program
  - Green Screen Readers Theatre
- Improving Reading Comprehension with Green Screens
  - Visual Media with Classroom Books
